BELLE PLAINE ACTIVITY PHILOSOPHY COACHES/ADVISOR HANDBOOK

Philosophy and Purpose:

It is the basic educational philosophy of the Belle Plaine Schools to prepare its students to become productive, contributing citizens in their community and society. Co-curricular activities are school sponsored and directed activities designed to provide opportunities for pupils to participate on an individual or team basis. These opportunities are designed for growth and development in skills, sportsmanship and teamwork that will extend beyond their high school experience and remain with them for a lifetime.

Within this context, it is the purpose of the school's activities program to foster and promote:

*The ideals of competition, teamwork, and sportsmanship while achieving the twin goals of success and participation.

*Development of self-confidence, self-discipline, organization, decision-making and goal orientation.

*The concept of an integral relationship between a sound mind and a sound body leading to lifetime appreciation for physical fitness and good health habits.

*A positive feeling of school loyalty and pride which can be shared by all participants, other students, parents, coaches/advisors, and the community as a whole.

Statement of Philosophy:

The Minnesota State High School League has established policies and standards which will cultivate the ideals of good sportsmanship. It shall be the responsibility of each member school to ensure that all individuals employed or directly associated with the interscholastic program conduct themselves in a sportsmanlike manner.

The coach is an official representative of the school at interscholastic events. It is the responsibility of the head and assistant coaches to serve as role models for students and the public.

Code of Ethics:

A Coach will be in violation of the standards for good sportsmanship established by the Minnesota State High School League by:

- a. Making degrading/critical remarks about officials during or after a contest either on the field of play, from the bench, or through any public news media;
- b. Arguing with officials or goes through motions indicating dislike/disdain for a decision;
- c. Detaining the officials following the contest to request a ruling or explanation of actions taken by the officials; or
- d. Being ejected from any contest.

Actions and Response:

Unsportsmanlike actions by a coach shall be reported to the League by the school and by the head contest official. The school shall document the results of their investigation and actions taken, where necessary and appropriate. Penalties for violation of these standards may include, but are not limited to, reprimand, censure, fines, or other actions as deemed appropriate by the Board of Directors.

Commentary:

It is within each individual's ability to treat others with dignity and respect. The League and its member schools expect each individual to assume the responsibility for their actions.

A Belle Plaine student participating in any school sponsored extracurricular activity who is guilty of illegal possession and/or charged by a law enforcement agency will be considered in violation of the Minnesota State High School League Eligibility Rules. 200.00 BYLAWS

WEDNESDAY AND SUNDAY PRACTICES

The district believes that it is important to help minimize family choices made between family time and scheduled pre Kindergarten-12th grade sponsored functions. Therefore, from September 1st to April 30th, to the best of our abilities, School sponsored activities will be completed by 6:00 p.m. on Wednesday evenings, and no activities will be scheduled before 12 noon on Sundays.

The MSHSL bylaws prevent scheduling of practice or games on a Sunday, but there is not a bylaw to prevent scheduling games on a legal holiday. The Board discourages schools from scheduling games on legal holidays.

BELLE PLAINE ATHLETIC PARTICIPATION POLICY: Amended Sept.04

PARTICIPATION CONDITIONS

All student athletes desiring to participate shall meet attendance, conduct, and scholastic requirements.

The Athletic Department believes student/athletes in Grades 7-8 should play at grade level. Movement of players to a higher level is discouraged. However, it

is recognized that exceptional student/athletes do appear in a program. If a 7th-8th-9th grade student is deemed talented enough to participate on a higher level squad (in a sport where this is not the norm) and if the player's abilities are a necessary component to the current year's team as a whole, movement can take place upon approval of all the following: Athlete, Parents, Coaches, Activities Director and Principal(s). In Grades 9-12, coaches must have the flexibility to move players to their proper level of competition. Student athletes in Grades 7-8 who have been moved forward in a program and have spent the majority of playing time at the higher level may not be moved back down in order to participate in tournaments.

A. 7TH AND 8TH GRADE TEAMS:

The primary concern is to provide a program which will allow each athlete optimal participation regardless of their skill level. The following guidelines should apply to assure that the program is for the benefit of the athlete. These guidelines are as follows:

1. All Athletes that meet the academic and attendance standard and actively participate shall be given practice time and game time.
2. All team members have a uniform or are dressed alike (if possible) for competition.

These three guidelines of participation are of philosophical nature. They are made possible by the coaches following the procedures listed here:

1. Each junior high coach must follow the philosophy of participation. The desire to include every athlete is more important than the desire to win a given contest. Certain games or meet alterations are needed and worked out by all coaches to assure participation.
2. Practices must be planned and organized effectively to deal with the large number of participants and the wide variety of skill levels.
3. Facilities must be used to their greatest advantage. Cooperation is needed between boys coaches and girls coaches as well as between the other groups and organizations that share school facilities.

Coaches must remember that the above guidelines and procedures are a result of coaches working for the "development" of each participant. Each individual that comes to a coach has many human needs; physical, emotional, social, etc. It is important to coach the athlete as well as the sport. When dealing with athletes, several basic characteristics and needs of these athletes should be taken into consideration.

1. Physical, mental and emotional growth and development.
 2. Directed leadership and supervision that stresses self-discipline, self-

motivation, excellence, and the ideals of good sportsmanship that make for winning and losing graciously.

3. Team play with the development of such commitments as loyalty, cooperation, fair play and other desirable social traits.
4. A need to belong to a group and be accepted by peers.
5. The need to explore a variety of experiences.
6. A chance to channel their energies in physical activity of some kind.
7. A means of achieving self-satisfaction (Opportunity for success)

The coach must be willing to work with any athlete who is interested and has a need to belong, not just work with the gifted, highly skilled athlete. As a coach of young athletes, we must constantly be seeking to aid our participants in the best way possible. Each of them is an important individual whose experiences shape attitudes and action for the future.

B. "C" TEAM:

"C" Team is considered a transition year. Participation in practice and contest will continue to be emphasized and no squad members will be cut on the basis of ability. "C" Team coaches will make every effort to give significant playing time to all players throughout the OVERALL season, (playing time may be based on practice, cooperation and attitude). With the philosophy of participation, teams will strive to be competitive.

C. VARSITY AND "B" TEAMS:

Participation by the most skilled that will enable possibilities for individual and team success (in some cases it may be necessary and permitted, to limit the size of the Varsity and "B" squads to a workable number).

SELECTION POLICY FOR VARSITY AND "B" TEAMS

A. Responsibility

1. Choosing the members of athletic squads is the responsibility of the Head Coach and coaches of those squads.
2. Prior to trying out, the coach shall provide the following information to all candidates for the team:
 - a. Extent of try-out period
 - b. Criteria used to select the team
 - c. Minimum numbers to be selected for the team
 - d. Practice commitment if they make the team
 - e. Game commitments

f. When working with players that have *equal* ability and talent, preferential consideration will be given to juniors and seniors at the varsity level.

B. Procedure

1. When a squad number is limited, the process will include three important elements. Each candidate shall:
 - a. Have an opportunity to participate in a minimum of (5) practices.
 - b. Have performed in at least one intrasquad/scrimmage game/session.
- c. Be personally informed of the reason why the candidate was not chosen by the coach.
2. Candidates not chosen for the squad will NOT BE POSTED.
 - a. Participation fees collected from athletes will be fully refunded to those not selected for the squad.
 - b. Athletes not selected to the squads will not be allowed to practice due to space.
 - c. Athletes not selected will be encouraged to be part of the team through team management positions.
3. Coaches will discuss alternative possibilities for participation in the sport, or other areas in the activities program.
4. If a coach foresees difficulties as a result of squad selection, he/she should discuss the situation with the Activities Director.
5. If the number of participants is low in any grade level, players will be allowed to move to equalize the numbers. This will not eliminate playing time for any individual.

Recommended minimum number of players for teams/events.

Baseball/Softball	12	Basketball	10
Football	18	Volleyball	10

Any adjustment to the recommendations must be approved by mutual consent of the Activities Director, Coaches and Administration.

PROBLEM/CONFLICT RESOLUTION

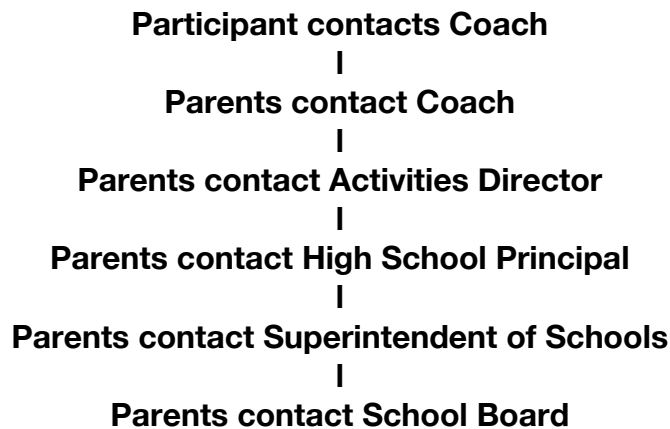

As coaches we are professionals and are expected to conduct ourselves in a professional manner. We cannot promise that all concerns can be resolved to individual preferences, but we can promise that we will listen to concerns and respond to the best of our ability.

In order for our programs to be successful, we must all work together-parent, coach and participant. We strive to do what is best for each individual student within the concept of team. As teachers and coaches we care a great deal about your son or daughter and want to contribute to his/her individual development in a positive way.

To allow for an appropriate exchange of opinions when the need arises in our program of activities, the following procedure has been developed to create an open line of communication between school, parent/guardian, student and coach. The procedure will allow for an exchange of opinion in a professional manner.

1. Most conflicts are better resolved with an appropriate cooling down period. No conflict between a parent, student, official or coach/advisor should be addressed during or immediately after an activity. The activity site, practice field, lobby or locker room are not appropriate places to handle conflict. If you have a concern, please call or arrange a meeting the following work day after the incident. Many of our coaches teach in the district. Most coaches have voicemail in the building where they teach. Leave a message and the coach will return the call. If you wish, a letter to the coach may be the most appropriate way to initiate a dialogue. If your concern has not been addressed to your satisfaction, then refer to the flow chart below. As you see, the first step is participant contacts coach.

2. Chain of Communication - Every organization has and needs orderly process to use when problems/issues arise. Follows is the Belle Plaine Schools chain of communication:

Parents/athletes are strongly encouraged to follow this chain of communication whenever an issue arises concerning a coach or director. If a concern is not resolved to your satisfaction at one level, you are encouraged to go to the next level in the chain of communication. However, all concerns should begin with the coach/director and then advance up the chain.

PARENT'S RESPONSIBILITIES

Parents are expected to encourage their children to perform to the best of their abilities both in activities and in the classroom. They should be a source of support for the athletes and the program in which they are participating.

Parents should be role models for children and set a good example for all of our students at Belle Plaine High School. As such, they will exemplify good attitudes by treating all players, coaches, fans, officials and other parents with respect and dignity. Parents must insist that students abide by rules established by the coach, school district and the Minnesota State High School League.

Parents should be positive in support of their own team and recognize the achievements of the opposing team. Vulgar, racial, derogatory or disparaging remarks are never appropriate. Parents should encourage all their children to enjoy the benefits of competition, remembering that not everyone can be the star, be on the first team, or have equal playing time.

SEASONAL MEETINGS

Once each season BPHS will hold a mandatory meeting for parents and students in which the Activities Director/Coaches will highlight rules of the MSHSL and Belle Plaine HS. After this initial section of the program, students in grades 7-12 will meet with their coaches.

BASEBALL/SOFTBALL POLICY

The Community and School Policy states that:

No member of the high school baseball or softball team will be permitted to join the city program until the high school season is completed, unless permission is granted by the head coach after consultation with the Activities Director.

A player/student must have successfully completed his/her sophomore year to be eligible to participate in the city program.

In city tournaments, no high school player can receive cash prizes. It is recommended that awards and prizes for non-school participation should be of a symbolic nature. However, the acceptance of an award valued at less than \$25.00 when received for non-school participation will not constitute a violation of the amateur status.

BE SURE TO SHARE WITH YOUR Bb/Sb PLAYERS
