# DRIVERS EDUCATION

## GENERAL INFORMATION:

Belle Plaine Community Ed provides classroom and behind-the-wheel drivers education instruction for students ages 14 and older. This class meets the 30-hour requirement to prepare for a learner's permit. Payment covers the 30-hour Classroom fee and 6-hours of Behind the Wheel.

### CLASSROOM INSTRUCTION: 30 HOURS

Classroom includes lecture, class discussion, videos, written work from the driver's manual and practice tests. Upon completion, students will be issued a blue card.  
Please bring school iPad to class each day.

### BEHIND-THE-WHEEL (BTW): 6 HOURS

Behind-the-Wheel allows students to practice driving on public streets and highways with an instructor. This is the required course students take after they have earned their learner's permit. Successful completion is required before a student can take their driver's examination.

### Attention Parents of Soon-to-Be Teen Drivers

Teen Driver Safety Parent Awareness-Point of Impact Meeting: Fall 2025

Do you know the real risks for teen drivers? Do you know the restrictions on new teen drivers? Can you cancel your teen's license? Learn the answers to these questions and more in this teen driver safety parent awareness class. Experts on young driver behaviors agree that involved parents make a difference in reducing crashes. This class will increase your awareness of the most common risks for teen drivers and teen driver laws. It will increase your understanding of the strong influence you can have on your teen's driving behavior. Don't miss this important opportunity to become aware of the risks your teen faces, and arm yourself with the ways you can keep them safe. Teens welcome too! Hosted by local driver education instructors and guest law enforcement speakers in partnership with the MN Department of Public Safety.

### 37 POST CARDS

Daytripper's Dinner Theatre

Written like a 1930's screwball comedy! In this play, young Avery Sutton and his fiancé return from an eight year stint in Europe only to find his already eccentric family has gone certifiably insane! Things have changed. The house is on a tilt, the dog is feral, his grandmother (presumed dead) is alive and kicking!

The Suttons are just a quirky, funny, loving family. So Avery and his bride to be have to either accept their oddities or leave them behind. Well - the couple discover that you can in fact go home again. You just never know what you'll find!

## IMPROVE YOUR HEALTH AT ANY AGE

\*ONLINE CLASS\*

Every day, your body makes about 330 billion new cells which means 3.8 million cells are replaced every SECOND! This means every second is an opportunity to make every system in your body healthier. The quality of cell your body can produce this second is very dependent on what raw materials you have floating around your bloodstream. Studies show you can be 50 and have the physiology of a 30-year-old (and vice versa), depending on how well you take care of yourself. What you do now greatly affects your health and well-being now and in the future. Nothing beats good health! We'll discuss simple steps you can take now to help make every system in your body as healthy as possible.

## WOMEN, WEIGHT & HORMONES

\*ONLINE CLASS\*

Are you finding no matter how well you watch what you eat or how much you exercise weight is not budging? Your inability to lose weight probably has more to do with hormone levels than anything else. Until imbalances are corrected, trying to lose weight will be like shoveling sand against the tide. We'll discuss which hormones are involved and what can be done to correct imbalances; concrete solutions for controlling appetite and cravings; major sources of hormone mimicking chemicals and how to get rid of them; what HRT or birth control pills have to do with weight gain; how to have your hormone levels checked reliably; what steps need to be taken to safely break the vicious cycle of hormone related weight gain.

## DE-AGE YOUR BRAIN

\*ONLINE CLASS\*

Research shows lifestyle and diet have a big effect on HOW the brain ages. Cognitive function, which covers all aspects of perceiving, thinking and reasoning, CAN improve. And the very good news is no matter what your age, there are things you can do to improve how quickly and effectively brain cells communicate with each other. We'll discuss which 'superfoods' reduce the damaging effects of toxins and inflammation on the brain and which nutrients are great for memory, attention, processing information and reducing stress. You'll learn simple, easy strategies to help your brain stay healthy and alert.

DATE: **Tuesday, April 8**

## AVOID THE PITFALLS OF PERIMENOPAUSE/MENPAUSE

\*ONLINE CLASS\*

Perimenopause starts around 35 for most women and can last 10-15 years. Common symptoms include fatigue, migraines, weight gain, water retention, depression, sleep disturbances, joint aches, hot flashes, migraines, exaggerated PMS and more. Once you understand exactly what is causing all the troublesome symptoms, they are much easier to correct. We'll discuss how to get hormone levels measured - blood test vs. saliva test and what to do with the results; traditional HRT vs. bio-identical; acupressure points to assist in symptom relief and nutritional musts. You'll leave with multiple tools and techniques for restoring health & well-being.

 INSTRUCTOR: Janice Novak  
 COST: \$29.00

## THE ART OF AGING WELL: PEEL YEARS OFF YOUR BIO AGE

\*ONLINE CLASS\*

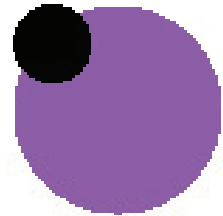

Your chronological age is the number of years you have been alive. It is a fixed number and cannot be changed. Your biological or bio age, however, is measured by how well your organs and body systems work. And there are many things you can do to affect your biological age. You have more control over how your body ages than you may think. Research has shown us that you can peel years off your bio age. In this workshop, you will learn simple, scientifically proven things you can do right now to decrease your body age. We will do a few facial acupressure points to help erase years from your face naturally.

## SWIM LESSON COURSE DESCRIPTIONS

### **TINY TOTS** - For children ages 3 ½ – 4 years old

This class is for children with little swimming experience. Goal is to build up confidence and independence in the water. The children will experience blowing bubbles, kicking & floating.

### **LEVEL 1: INTRODUCTION TO WATER SKILLS** \* *Must be 5 years old by the first day of class*

Participants learn to feel comfortable in the water and enjoy the water safely. Fundamental aquatic skills are taught to develop good swimming habits and safe practices in and around the pool. Participants learn to:

- Blow bubbles and submerge face
- Swim on front and back with support
- Basic water safety rules
- Float on front and back with support
- Retrieve submerged object

### **LEVEL 2: FUNDAMENTAL AQUATIC SKILLS**

This level marks the beginning of true locomotion skills. Students are performing skills without support and developing arm and leg actions that lay the foundation for future strokes. Participants learn to:

- Submerge entire head
- Roll over front to back, back to front
- Swim on front and back alternating arm action
- Swim on front and back 5 body lengths
- Float and glide on front and back

### **LEVEL 3: STROKE DEVELOPMENT**

Increase proficiency and build on the aquatic skills learned in Level 2 by providing additional practice with increased distances and times. Participants learn to:

- Jump into deep water & tread water 30 seconds
- Diving from a sitting and kneeling position
- Front crawl, back crawl, elementary backstroke, sidestroke 15 yards
- Rotary breathing
- Swim using the dolphin kick for 3-5 body lengths

### **LEVEL 4: STROKE IMPROVEMENT**

Participants improve skills worked on in Level 3 and endurance for front crawl, back crawl, elementary backstroke, sidestroke and breaststroke. Participants learn to:

- Dive from a standing position
- Perform open turns on front and back
- Swim front crawl and elementary backstroke for 25 yards each
- Swim sidestroke, back crawl, breaststroke and butterfly 15 yards
- Perform a feet-first surface dive and swim underwater

### **LEVEL 5: STROKE REFINEMENT**

Participants refine their performance of all the strokes and increase distances. Participants learn to:

- Perform a long shallow dive
- Perform flip turns
- Swim butterfly, back crawl, breaststroke and sidestroke for 25 yards
- Perform tuck and pike surface dives
- Swim front crawl and elementary backstroke for 50 yards

### **LEVEL 6: SWIMMING AND SKILL PROFICIENCY**

Personal Water Safety, Lifeguard Readiness & Fitness Swimmer. Participants swim strokes with more ease, efficiency, power and smoothness over greater distances. Participants learn to:

- Compact jump
- Rescue breathing
- Care for conscious, choking victim/backboarding
- Swim butterfly, elementary backstroke, breaststroke and sidestroke for 50 yards
- Perform flip turns while swimming
- Survival swimming/with rescue tube
- Swim front and back crawl for at least 100 yards

### **JUNIOR LIFEGUARD: June 3 - 14 | 9:00 - 10:15 a.m.**

This course will teach water safety and introduce participants to the duties and responsibilities of a lifeguard; however, this course WILL NOT CERTIFY ANYONE TO BE A LIFEGUARD. It will build a foundation of knowledge, attitudes and skills preparation for the American Red Cross Lifeguarding course when the student turns 15 years of age. Must complete level 6 swim lessons. Classes will only be held if the minimum number of participants are registered.
